

Do satellite flood extents under-detect urban flooding in the Philippines?
Matched windows: 2022-08-05 to 2026-02-09. Groundsource is auxiliary evidence used to test whether PhilSA misses NOAH-active urban cells.

PhilSA vs Groundsource vs NOAH across five city case studies

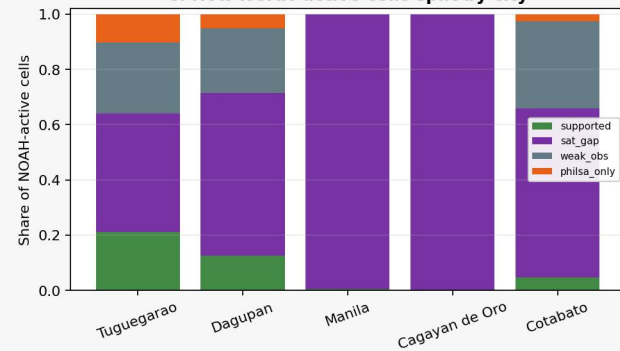

A. Which source tracks NOAH better?

B. Any observed flooding inside NOAH-active cells

C. How NOAH-active cells split by city

D. NOAH-active cells by urban class
